Our ongoing effort to upskill youth from disadvantaged backgrounds to become employable in **#STEM** careers continued on Day 2 of the launch of the 'Campus to Connect' program. Created by us, in collaboration with **TNS India Foundation**, our leaders inaugurated Digital Academies at two more colleges in Bangalore. The first was at SEA College of Technology & Engineering, where we were joined by **Rajesh Dahale**, VP, Capgemini India & **Kumar Anurag Pratap**, Digital Inclusion & Sustainability Leader, Capgemini India. Followed by the Atria Institute of Technology, where **Padmashree Shagrithaya**, VP, ID Big Data, Capgemini India, joined us.

These Digital Academies will help ensure that India's youth from marginalized segments get the resources they need to gain competitive skills and pursue a financially stable career in the near future. **#GetTheFutureYouWant**
